

RISING TO THE OCCASION

Dear colleagues,

PALPA is not just an address or an impressive building, it is an institution established and nurtured over 55 years. An institution conceived and fostered by generations of vigorous and honorable men vying to safeguard the rights of pilots. PALPA is not a union, it is a professional association, affiliated with IFALPA and ITF, representing professionals, officers and gentlemen who are hard working and committed.

With a view to upholding the ideals enshrined in the constitution of PALPA, if elected, I would promote and safeguard the honour, prestige and integrity of pilots as a group and work to ensure that all members are treated equitably, regardless of their affiliations or years of experience. I would endeavor to promote the general welfare of the fraternity and to protect the rights and interests of the members, both economic and social.

It would be my aim to create awareness and transparency in the daily functioning of PALPA and create ownership of PALPA amongst its membership and their families. Given the opportunity, I would like to establish myself within our community based on my abilities as an individual and not stand on another's shoulders. Whilst executive and managerial positions are temporary, your judgment of my performance will be permanent. Our journey has just begun, but "a journey of a thousand miles starts with a single step". I am presenting myself to serve the community with humility, dedication, and diligence.

Yours Truly
