# INFO

Dear Members:-

January 19, 2012.

السلام عليكم

This INFO would clarify the issue of Article-II relating to finance of PALPA-PIAC Working Agreement 2011-2013 and dispel the rumours being spread.

We realize that the pilots falling within the bracket of service of 0 to 20 years are anxious due to Article-II which remains deferred for the time being. The factual position is that PALPA has made hectic efforts in negotiating the afore-stated Working Agreement with the management and getting the same signed was an uphill task. The Article-II in its entirety is very beneficial for our community excepting the portion highlighted above. However, before the negotiations on Article-II could be completed, the management informed that the same was being deferred; as such few anomalies could not be removed.

It is clarified that Article-II is to be re-negotiated and we assure all concerned that we will for sure address the issue of flying allowance which would definitely be more than what the pilots are getting presently. The yearly increment will be even for all categories and there will be no discrimination.

We at PALPA keep the interest of our members supreme and always endeavour to serve our members to the best of our ability. Please be rest assured that we would never compromise on your emoluments and the anomalies in Article-II would be removed on top priority.

Yours sincerely,

Capt. Suhail Baluch  
PRESIDENT
