INFO

DEAR MEMBERS:

May 16, 2008.

السلام عليكم

PALPA in its Executive Committee meeting held on 2nd May 2008 decided to change the shape of its sub-committees in line with the IFALPA sub-committees. It was decided to introduce IFALPA and its related Committees to our members in a more comprehensive way. The idea is to have members' full participation so that they can enhance their knowledge besides being a participant in IFALPA's research work.

Presently, there are numerous IFALPA sub-committees. However, to begin with, PALPA Executive Committee will initiate its work on five sub-committees, which are as follows:

1. Air/GND Environment (AGE)
2. Human Performance (HUPER)
3. Accident Analysis and Prevention (AAP)
4. Air Traffic Service (ATS)
5. TECH. and SAFETY

All those members who are interested are requested to contact any of the IFALPA Committee Members or the General Secretary. The working of these committees will be explained to them in detail once we have the final list of volunteers. This will be a great learning experience and we urge members to participate whole-heartedly.

Thanking you and looking forward to an early response.

Yours sincerely,

F/O Arif Majeed
GENERAL SECRETARY
