

INFO

CO-PILOTS B-747/FOs B-777:

September 19, 2008.

السلام عليكم

We are in receipt of an option letter for B-737/ATR P-1 position from the General Manager Crew Planning & Scheduling dated 11th September 2008.

It is appreciated that the Flight Operations department is planning well in advance but the Association has to sort out certain modalities with the Management before such an option can be sought.

This is important to avoid a situation that took place when arbitrary options were taken before the Hajj Operations last year.

You shall be communicated the decision in due course of time. If you have already given the option you may withdraw it till a fresh option is taken.

Thanking you,

Yours sincerely,

F/O Arif Majeed
GENERAL SECRETARY
