INFO

Dear Members, السلام عليكم

March 17, 2023.

It is highlighted with serious concern that some Rules and Regulations regarding FDTLs as laid down in the relevant ANO's and CAR's are being ignored by few of our fellow crew members.

Since we are being very closely monitored by international agencies and are undergoing EASA audit for uplifting of ban on PIACL and PCAA, we cannot afford any shortcomings on our part.

To help PIACL and PCAA to clear the audit, it is requested that all the regulations laid down in ANO and CARs should be followed in letter and spirit.

This will not only help PCAA, but rather help PIACL in a successful audit clearance.

We should leave no stone unturned at this critical juncture to help our beloved airline.

With Best Regards,

Capt. Narejo
