NOTICE

GOOD NEWS

Dear Members and Guests, السلام عليكم

June 17, 2026.

It is with immense pleasure, we inform that the entire water supply system of PALPA building has been cleaned and sanitized, after more than ten long years.

The underground and overhead tanks are now absolutely clean, the same have now been filled with clean sweet water for consumption of our guests and those working in PALPA/PODF.

As you are aware, the cost of procuring sweet water is considerably high, therefore, all residents and guests are requested to use water judiciously and avoid unnecessary wastage.

Following are not allowed for usage of this extremely expensive commodity: -

1. Car Washing
2. Washing Machine usage in Rooms.
3. Watering of Garden.
4. Any other activity which ends up in wastage of water.

Note: - In case of any violation, a penalty shall be imposed as deemed necessary by the Executive Committee.

Your cooperation in conserving this valuable resource will be highly appreciated.

With Best Regards,

Capt. (Retd) Arif Majeed
GENERAL SECRETARY
